

Guide on how to install and create a free Graboid Video account.

Install and create a free Graboid Video account

Graboid is a software that allows you to watch movies, tv shows or any video content from your computer. It contains a huge database with over 150.000 movies, tv shows etc. It is perfect for those who missed their favourite tv show or movie because they can watch it anytime with Graboid. There are many more things to say about Graboid but the purpose of this article is to show people how to setup a free graboid account.

Step 1 - Installing Graboid Video

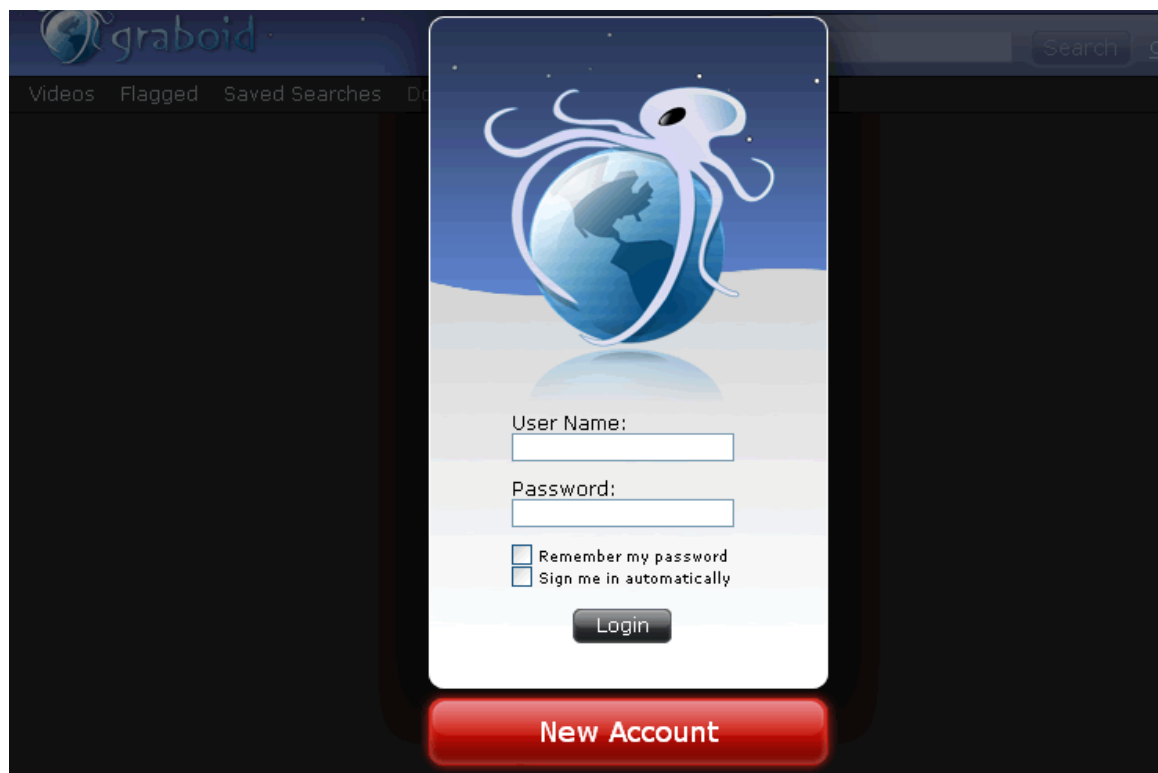

Before doing anything we need to make sure that we have the latest version, if you use an older version or simply want to check if a new version is available, you can [download graboid video](#) before creating the free account. After you have downloaded the software on your computer it's time to start the installation.

Open **GraboidVideoSetup** executable file and a new window called "**Welcome to the Graboid Video 1.4 Setup Wizard**" (at the time that this article was written, the current version of Graboid Video is 1.4) will open.

Click on the **Next** button - after this click on **I Agree** - now choose where to install it, the default installation folder is "C:\Program Files\Graboid", for any reason if you want to change this location you can change it now, if you want to continue the installation with the default installation folder click on **Install**.

The setup wizard will start the installation and it will download some files, please wait as the speed of the installation process depends on the speed of your computer and your internet connection. After the installation process is finished, click on **Finish** and make sure that "Run Graboid Video 1.4" box is checked.

After the installation process ends, this window will appear asking you to login or to create a new account.

Step 2 - Creating a free Graboid Video account

Now we need to click on **New Account** button, so that we can obtain our free Graboid account. After doing so, a new window called "Sign Up" will appear.

Once activated, simply double-click the Graboid icon on your desktop, enter your login information, and enjoy!

*Best Regards,
Graboid*

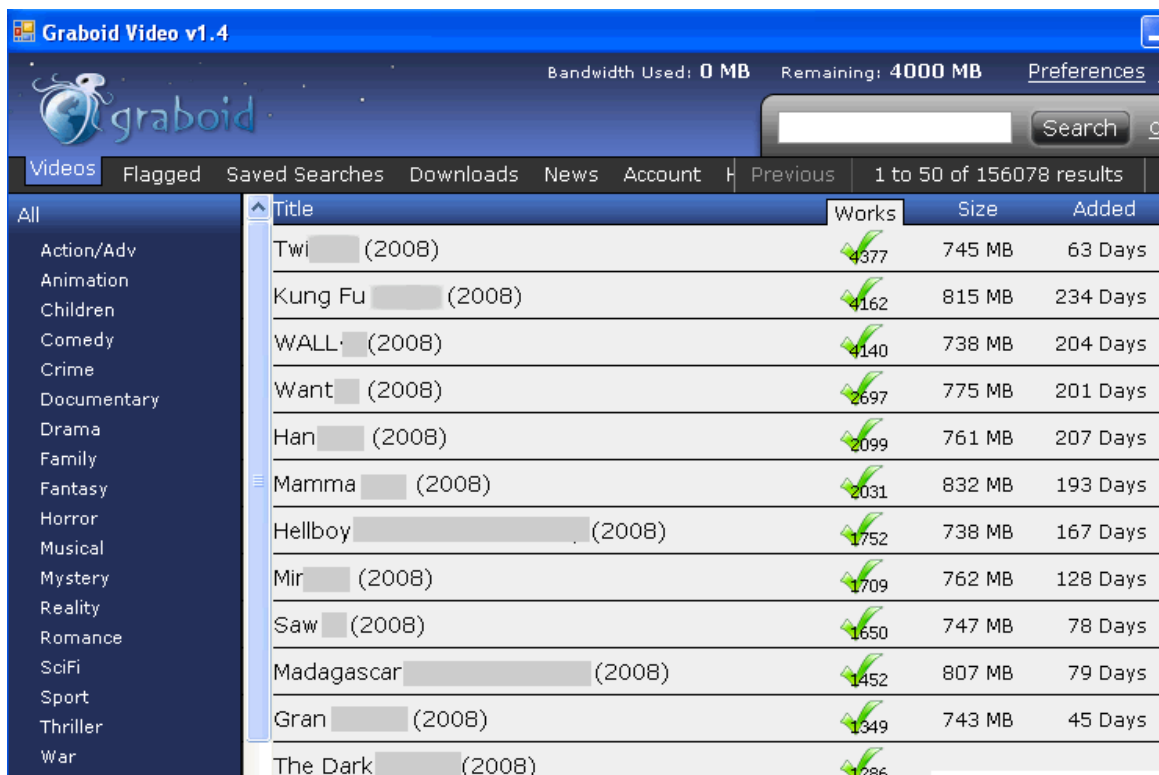

Now, if you followed the instructions from this email, you should see a message like this in your browser, see the picture below :

Congratulations, if you see this window, this means that you have created your free graboid account. Now you can go back to the first window that asked you to "Login" or to create a "New Account". Don't worry, if you closed that window, look on your desktop for an icon called "Graboid Video" or at the quick launch buttons. Open Graboid again if it's not running, now enter your username and your password and click on **Login**, like in the picture below :

If you entered your username and your password correctly you should see a new window like in the picture bellow :

If you see anything similar with this picture (look up in the right corner) that says "Remaining: 4000 MB" you have successfully managed to login in to your free graboid account.
